**Milestone Collection Petition**

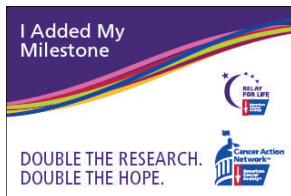

DOUBLE THE RESEARCH. DOUBLE THE HOPE.

Your vote for increased cancer research funding CAN improve or save millions of lives. If research isn't adequately funded, our neighbors, friends and loved ones cannot reach important milestones.

Thanks to cancer research...

**FY 2012 ACS CAN Relay For Life Petition:** Each milestone petition booklet has 50 petitions included in its spiral binding. These books will be delivered to Members of Congress to help urge them to make cancer research funding a priority. The milestone books come in packages of 4 and you should order up to one per Relay For Life event.

**FY 2012 ACS CAN Relay For Life Lapel Sticker:** These lapel stickers come in rolls of 50 and should be used at Relay For Life events when a participant adds their milestone either to the banner (pictured below) or the milestone petition book (pictured above).

**FY 2012 ACS CAN Relay For Life Banner:** The intention of this banner is to have Relay For Life participants add the milestone they have reached or hope to reach because of cancer research. It is a great visual display of the importance of continued federal funding for research. Use multi-colored sharpies to add milestones and these banners will be a great activity at your events, as well as a great way to promote ACS CAN's effort to 'Double the Research' and 'Double the Hope'.

**FY 2012 ACS CAN Relay For Life Membership Premium:** Made from ultra-lightweight BPA-free plastic, these flexible water bottles will be a great way to encourage ACS CAN membership at the \$20 level. These are dishwasher safe and perfect for the Relay For Life track! They come in assorted colors (RED, SILVER, and BLUE). NOTE: Green is shown here but not available.

Strict standards will be placed on orders to ensure proper use of the product. Please order these sparingly based on your ACS CAN membership recruitment goals.

**ACS CAN Relay For Life Track Signs:** Set of 3 track signs are included in each package. H-stands should be ordered separately ONLY if they are needed. Track signs help promote ACS CAN messaging at Relay For Life events. Maximum one set per event, however field offices are encouraged to share signs, when possible.

**ACS CAN Relay For Life Membership Recruitment Brochure:** In our effort to Double the Members of ACS CAN, a brochure has been created to help volunteers to ask others to join and urge a friend or family member to join with them.

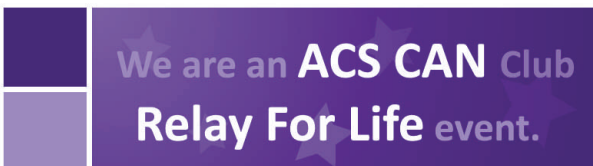

50 brochures come in one package.

**ACS CAN Club Garden Flag:** ACS CAN Club Team Garden Flags are only available to those who are implementing this program during the FY 2012 Relay For Life season. These flags are intended to recognize teams that have made or exceeded their ACS CAN membership recruitment goal.

**ACS CAN Club Stickers:** For events that received an ACS CAN Club banner last year and have made or exceeded their ACS CAN goal for the second year, these stickers can be placed on the banner to acknowledge the 2012 success.

**ACS CAN Club Banner:** ACS CAN Club Event banners are only available to those who are implementing this program at the event level during the FY 2012 Relay For Life season. These banners are intended to recognize events that have made or exceeded their ACS CAN recruitment goal.
