

make cancer history.
Together, we CAN
legislative agenda.

Cancer Society Cancer Action Network (ACS CAN)
Please support the American

can rise up and defeat it.

If one person can fight cancer, a nation

America CAN Picture A Cure

Celebrating

H O P E

Government must play a critical role in defeating cancer. You have the power to help us find better treatments through research, pass laws to curb tobacco use, fund prevention and early detection programs, and ensure access to quality health care for all Americans.

A national cancer fund would provide hope to all who care about cancer.

Together, we CAN make cancer history.

Keep my story in mind when making important decisions about cancer.

I CAN Picture A Cure.

With your support, I know there's hope.
